

SIDDHARTH SRIRAM

FUTURE URBAN PLANNER & DESIGNER/TRANSPORT YOUTUBER

CV RESUME

PROFESSIONAL PROFILE

I'm Sid, a Year 12 student at St Dominic's 6th form College with a strong interest in transport, urban planning and technology. One of the first 15 yr olds to do a **work experience** with *TfL's Network Performance Team* and traffic-management technology. By being a transport *Youtuber*, I aim to raise awareness of how connectivity and accessible transport shape our communities. My long-term goal is to help create better-connected, more accessible and sustainable places to live and travel. Intending to pursue careers regarding Smart Cities or Transport & Mobility.

WORK EXPERIENCE/ INTERNSHIPS

July 2025

TFL NETWORK PERFORMANCE TEAM

Completed a week-long placement with the Network Performance Team at Transport for London. Visited a cycle manufacturing shop. Shadowed a Network Performance specialist to learn about traffic signals, black boxes, and street-level operations. Gained valuable insights into how London's transport network is managed, optimised, and kept running smoothly

NOTABLE ACHIEVEMENTS:

Worked on a short video for the team, regarding smart traffic lights allowing buses to keep moving

July 2025

SCRUMCONNECT AI CAMP

At this event, I was introduced to a whole new side of AI — beyond just the general idea. I learned about chatbots, automation tools, and helped create prototypes that can be used to simulate real-life scenarios

Jul - Aug 2026

SPRINGPOD - YUNEX TRAFFIC

Completed a virtual work experience of Yunex Traffic on Springpod. Learnt about the tech that goes behind traffic lights and traffic prediction & management

CERTIFICATES & AWARDS

Trinity Piano Grade Initial - 2

Played the Piano, and attempted theory as well from Initial Grade to Grade 2

LLA Panorama Runner Up '22

Won second place (runner up) in a competition at School for filming a short film. My film was about *time travel* which I shot with the help of my friends

Trinity Piano Grade 3

Played 3 pieces and achieved a Level 1 Award in Music Performance

Trinity Piano Grade 4

Played 3 pieces and achieved a *Level 2* Award in Music Performance

Scrumconnect AI Camp

Learned about chatbots, automation tools, and built prototypes of public services that responded to emergencies & approved or rejected a worker's application.

CV RESUME

MY YOUTUBE JOURNEY

2020-2023

SIDZ SPACE

Sidz Space was my first YouTube channel, which I started when I was 11. The channel mainly featured videos about music and gaming, allowing me to experiment with video creation, editing and sharing content online. This channel marked the beginning of my YouTube journey and helped develop the creative and technical skills that I continue to use today.

2024-Present

SIDLOVESTRANSPORT

SidLovesTransport is my current channel exploring my interest in transport and the built environment. Initially focused on transport-related gaming, the channel has begun to develop into a platform for exploring real-world topics, including my "Bike the Route" series exploring urban infrastructure whilst cycling and my recent *urban design* video. In the future, I hope to expand it into a channel covering urban design, transport systems and traffic behaviour around the world.

MY BACKGROUND EDUCATION

ST DOMINIC'S SIXTH FORM COLLEGE, HARROW YEAR 12 - YEAR 13	2026-2028
HATCH END HIGH SCHOOL, HARROW YEAR 8 - YEAR 11	2023-2026
THE PSBB LEARNING LEADERSHIP ACADEMY, BANGALORE UPPER KINDERGARTEN - YEAR 7	2014-2023

GCSE 2026 RESULTS

MATHS-7 ; ENG LANG-8
HISTORY-8 ; GERMAN-8
COMBINED SCI- 7-7
STATISTICS - 7
ENG LIT - 6 ; MUSIC-6
RE - 5
